

# Build a Better Rochester

## Workshop on Advocating for Inclusive Housing

**Tuesday, May 20, 5 to 7 p.m.**

**Henrietta Public Library**

Would you like to see a greater variety of housing options available in Henrietta? Join us for a free workshop on public advocacy for housing, tailored specifically for Henrietta residents who are in favor of more housing options!

Participants will learn from past and present successes, get the latest updates on work happening in our community, develop key talking points, and have the opportunity to join a coalition to advocate for increasing "missing middle" housing density and creating stronger, walkable neighborhoods. *Pizza will be served. Child care, interpretation, and other accommodations available on request.*
